Shake Well Before Use

EcoVia® WH
stinging insect killer

EcoVia WH is a highly effective aerosol formula that kills wasps, hornets, yellow jackets and spiders. Your customers will appreciate the water-based formula that's made with natural plant oils.

DIRECTIONS FOR USE

- Always read label directions and precautions prior to use.
- Shake well before use and periodically during use.
- For use outdoors, and in unfinished indoor areas such as attics, basements, garages, sheds and warehouses.

Wasp and Hornet Treatment: The best time to apply is at dusk, just before dawn or at night when these insects are less active and in the nest. Paper wasp nests can be sprayed during the day. Stand a safe distance from the nest. Spray with the wind at your back. Hold can in an upright position and aim spray nozzle at the nest or nest entrance. Press button firmly to spray and coat the nest opening for at least 10 seconds. Contact as many wasps / hornets as possible. Repeat as necessary.

Yellow Jacket Treatment: The best time to apply is at dusk, just before dawn or at night when these insects are less active and in the nest. Stand a safe distance from the nest. Spray with the wind at your back. Hold can in an upright position and aim spray nozzle toward the nest opening. Apply directly into the opening for at least 8 seconds to kill the yellow jackets in the nest. This will also repel any yellow jackets returning to the nest. Next, contact as many yellow jackets as possible outside the nest. Be aware that yellow jacket nests may have multiple entrances. Repeat as necessary.

Spider Treatment: Hold can in an upright position and aim spray nozzle at the web. Press button firmly to spray and contact as many spiders as possible. Repeat as necessary.

PRECAUTIONS AND NOTICES:

-Wear eye protection during use.
- Avoid contact with eyes and skin and avoid directly breathing spray mist. Chemical resistant gloves are recommended when applying product.
- Do not apply on plants. Plants contacted with the spray should be hosed off to prevent possible leaf burn.
- Keep out of lakes, streams and ponds.
- We have tested the product on a variety of surfaces without problems, but it is possible that the plant oils could stain or damage some vinyl siding and plastic surfaces, or painted surfaces, so test spray a small area first before using. Hose off area to remove any residue.

Rockwell Labs Ltd. represents that this product is exempt from registration pursuant to FIFRA 25(b). This product is not EPA registered.

PHYSICAL HAZARDS: Contents under pressure. Keep away from heat, sparks and open flame. Exposure to temperatures above 130° F may cause container to burst.

FIRST AID: If product gets in eyes, flush with water for at least 15 minutes. If on skin, wash with soap and water. If irritation persists, or if more than an incidental amount is swallowed, seek medical attention. If seeking medical treatment, have this label with you.

STORAGE & DISPOSAL: Do not contaminate water, food or feed by storage and disposal. Store in a cool, dry area away from heat, sparks and open flame. When container is empty, recycle if available. Dispose of partly filled container by wrapping in several layers of newspaper and placing in trash. Do not puncture or incinerate.

CONDITIONS OF WARRANTY AND LIMITATIONS OF LIABILITY:

IMPORTANT: READ BEFORE USE. Read the entire Directions for Use, Precautions and Notices, and Conditions of Warranty and Limitations of Liability before using this product. To the extent consistent with applicable law, seller makes no warranty expressed or implied, concerning the use of this product other than as indicated on the label. Buyer accepts this material subject to these terms and assumes all risk of usage and handling except when used or handled in accordance with this label. To the extent consistent with applicable law, there are no expressed or implied warranties of merchantability or fitness for any particular purpose, except as specifically stated herein. LIMITATIONS OF LIABILITY: To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all losses, injuries or damages resulting from the use or handling of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid or at Manufacturer's election, the replacement of product.
