

**DIRECTIONS FOR USE** EPA Reg. No. 1475-39  
EPA Est. No. 1475-MO-1

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
**IMPORTANT: Keep out of reach of children. Do not place in areas accessible to children.**

**Use Restrictions:** Kills clothes moths, carpet beetles and their eggs and larvae in clean, airtight containers, such as chests, trunks, and garment bags. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. This product can damage some plastics; use only in polyethylene or polypropylene containers. Do not mix p-Dichlorobenzene or use it with other moth preventive chemicals. ENOZ® Indoor Moth Balls prevent moth infestation regardless of fabric type.

**Pre-Application Directions:** For all fabric types: Dry clean, wash or brush articles to be protected prior to storage.

**Application Directions:** The mothballs in this container can treat up to 12.5 cu. ft. One ounce of mothballs or 8 mothballs can treat up to 3 cubic feet of storage space. Examples of the amount of product required for proper treatment are listed below:

4oz. (32 mothballs) Medium trunk (12.5 cu. ft.)

For other size storage containers, calculate the volume to be treated by multiplying the height by the width, and depth of the space. The proper treatment of larger volumes may require the use of additional containers of ENOZ® Indoor Moth Balls. To insure protection of your clothes, use the recommended amount of ENOZ® Indoor Moth Balls. Distribute mothballs evenly around and between the folds of stored articles. Keep product in airtight space for a minimum of 7 days. If mothballs have dissipated, add additional mothballs to the container. Odor quickly vanishes when articles are aired.

**Retreatment:** Since moths are active all year, replenish air-tight closets, containers and bags 2 times a year.

**STORAGE AND DISPOSAL**

**Pesticide Storage:** Store in original container, in a dry place inaccessible to children and pets.

**Pesticide Disposal and Container Handling:** Nonrefillable Container. Do not reuse or refill this container.

**If empty:** Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**WARNING:** Causes substantial but temporary eye injury. Wear protective eyewear. Harmful if swallowed. Harmful if inhaled. Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**NOTICE:** This product contains a chemical known to the State of California to cause cancer.
