**HELPS REDUCE RAT PROBLEMS**

**FITS NORWAY AND ROOF RATS**

**DIRECTIONS FOR USE**  
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Place the bait blocks below using the product. Follow all use directions and use precautions. **DO NOT USE THIS PRODUCT OUTDOORS OR IN AREAS ACCESSIBLE TO PETS.** Use only for mice, rats, and application methods described on the label.

**USE RESTRICTIONS:**  
Use only to control Norway rats, roof rats and house mice in homes. This bait station may be used in indoor areas accessible to children, consistent with all use restrictions and other requirements indicated in this label. **DO NOT place bait station in areas where there is possibility of contaminating food or surfaces that come into direct contact with food.**

**SELECTION OF TREATMENT AREAS:**  
Determine areas where rats and/or house mice will most likely find and consume the bait. Generally, these areas are defined by gnawed openings, in corners and concealed places, or in other locations where there are signs of rats or house mice.

**1. CONTROL NORWAY RATS, ROOF RATS, AND/OR HOUSE MICE:**  
1. Remove the bait station from the carton.  
2. Placement: Place along walls or in corners out of reach of pets with the entrance hole exposed. Place each block as necessary. Place the bait station indoors at highest point of activity by gnawed openings. When meaning of bait is necessary, place 2 blocks of bait on each steel rod in the bait station. Station can hold up to 8 bait blocks.  
15 days or until signs of rat or mouse activity cease in treated areas. While wearing gloves, replace bait in bait station when bait is consumed or contaminated. Wearing gloves, collect and dispose of all dead animals and leftover bait properly as specified on the label. To discourage reinfestation, limit sources of rodent food, water and harborage as much as possible. If reinfestation does occur, repeat treatment.

**TO REFILL:**  
To refill, use clean hands to open the station.  
1. Locate the 4 latches on top of the station.  
2. With the thumb of one hand push down on the outer latch while simultaneously squeezing the other latches and pulling lid upwards with the other hand.  
3. Wearing gloves, fill the station by placing up to 8 blocks on the steel rods inside the station.  
4. Close the station by firmly pushing the window down until latches click into place. The bait station is securely closed when all 4 clips have snapped back into place.  
5. Remove and dispose of gloves. Then, wash hands thoroughly.

**FIRST AID**  
Call a poison control center or doctor immediately for treatment advice.  
If swallowed:  
• **DO NOT** induce vomiting unless told to do so by a poison control center or doctor.  
• **DO NOT** give anything by mouth to an unconscious person.

**PRECAUTIONARY STATEMENTS**  
**Hazards to Humans and Domestic Animals:** Irritation. Harmful if swallowed. Keep away from humans, domestic animals, and pets. All handlers (including application) must wear gloves. Any person who removes carcasses, exposed bait, or bait station following application of this product must wear gloves. Wash hands with soap and water after handling bait station.  
**Environmental Hazards:** This product is toxic to fish, birds, and other wildlife. Dogs and other predators and scavenging mammals and birds might be poisoned if they feed upon rodents or other animals that have eaten this bait. **DO NOT** apply directly to water.

**CONTACT NUMBER**  
In case of emergency, call free 1-800-228-4722. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

**CONDITIONS OF SALE AND WARRANTY**  
The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are applicable to all rats and mice that are normally found in homes. However, it is impossible to eliminate all rats and mice from an area. The use of this product does not constitute a warranty. The use of this product in a manner inconsistent with its labeling, or use of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of Reckitt Benckiser or the Seller, to the extent consistent with applicable law, shall not be considered by the Buyer. Reckitt Benckiser warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use.  
Reckitt Benckiser makes no other warranties, express or implied, including warranties of fitness for a particular purpose or merchantability. (b) BUYERS EXCLUSIVE REMEDY AND RECKITT BENCKISER'S STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAIRMENT OF THE PURCHASE PRICE OF THE PRODUCT, AND RECKITT BENCKISER AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. Reckitt Benckiser and the Seller offer this product, and the Buyer and User accept it, subject to these Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of Reckitt Benckiser.

**STORAGE AND DISPOSAL**  
DO NOT contaminate water, food, or feed by storage or disposal.  
Pesticide Storage: Store in original container in a dry place inaccessible to children and pets.  
Pesticide Disposal and Container Handling: Pesticide containers that are not to be reused should be disposed of in accordance with local, state, and federal regulations. Do not use the container for any other purpose. Instructions: Never place any unused product down any indoor or outdoor drain.
