PULVERIZE

WEED & GRASS KILLER Concentrate

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Application Directions Shake well before using. Mix one part Pulverize Weed & Grass Killer Concentrate with 5 parts water (26 oz. in 1 gallon of water). Alternatively, for small, easy-to-kill weeds, mix one part Pulverize Weed & Grass Killer Concentrate with 9 parts water (14 oz. in 1 gallon of water). Apply the mixed solution at 2.5 – 7.5 gallons/1,000 ft² (3 – 9 fl. oz./yard²). For annual weeds, use at the lower rates. For perennial and more established weeds, use at the higher rate. Any standard hand-held or backpack sprayer can be used. Spray weeds thoroughly, using a coarse nozzle setting to reduce drift. Thorough coverage is extremely important. For spot treatment of individual weeds, apply the mixed solution to the center of plant to the point of runoff. Plant damage will be visible from a few hours to 2 days after spraying. Repeat treatment every 2 to 3 weeks to control new weeds growing from seed and re-growth from bi-annual and perennial weeds. Avoid spraying desirable plants. Thoroughly wash equipment after use.

Pulverize Weed & Grass Killer Concentrate is a fast-acting, non-selective weed, grass, algae and moss killer. This product is not translocated. It will burn only those plants that are coated with spray solution. The best results are obtained with young, actively growing weeds, less than 5 inches high. Pulverize Weed & Grass Killer Concentrate can be used any time during the year and works best during warm and dry conditions. Application during cold weather may delay appearance of plant damage. If rain falls within 3 hours of treatment, an additional spray may be required. Pulverize Weed & Grass Killer Concentrate controls many common annual weeds and suppresses the growth of some bi-annual and perennial weeds. It can be used in cultivated areas prior to planting grass, flowers and vegetables. Areas can be re-sown five days after treatment. Inadvertent overspray of Pulverize Weed & Grass Killer Concentrate does not stain concrete, pavement, stucco or wood.

Use Sites: Use on weeds within vegetable and flower gardens, landscaped areas, and lawns. Also use on weeds in the vicinity of small fruits and fruit trees. Around and on buildings, sidewalks, fences, bark mulch, driveways, patios and gravel.

Pests: Weeds controlled or suppressed by Pulverize Weed & Grass Killer Concentrate include the following: Chickweed (*Stellaria media*), corn spurry (*Spergula arvensis*), dandelion (*Taraxacum spp.*), groundsel (*Senecio spp.*), lamb's-quarters (*Chenopodium album*), mouse-eared chickweed (*Cerastium vulgatum*), mustards (*Brassica spp.*), plantain (*Plantago spp.*), redroot pigweed (*Amaranthus retroflexus*), round leaved mallow (*Malva spp.*), sheep sorrel (*Rumex acetosella*), shepherd's-purse (*Capsella bursa-pastoris*), stinkweed (*Thlaspi arvense*), thistle (*Cirsium spp.*), annual bluegrass (*Poa annua*), large crabgrass (*Digitaria sanguinalis*), perennial ryegrass (*Lolium perenne*), creeping red fescue (*Festuca rubra*), hard fescue (*Festuca ovina*), colonial bentgrass (*Agrostis tenuis*), moss, algae and lichens.

FIRST AID

IF IN EYES:
 •Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
 •Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:
 •Take off contaminated clothing.
 •Rinse skin immediately with plenty of water for 15-20 minutes.
 •Call a poison control center or doctor for treatment advice.

IF SWALLOWED:
 •Call a poison control center or doctor immediately for treatment advice.
 •Have person sip a glass of water if able to swallow.
 •Do not induce vomiting unless told to by a poison control center or doctor.
 •Do not give anything by mouth to an unconscious person.

IF INHALED:
 •Move person to fresh air.
 •If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
 •Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For emergency information concerning this product, call the National Pesticide Information Center (NPIC) at 1-800-858-7378 seven days a week, 6:30 am to 4:30 pm Pacific Time (NPIC Web site: www.npic.orst.edu). Alternately call Messinas at 888-411-3337, 8-4:30 Monday through Friday. During other times, call the poison control center 1-800-222-1222.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Causes skin irritation. Harmful if inhaled. Avoid breathing vapor or spray mist. Do not get in eyes, on skin or on clothing. Wear eye protection (goggles, face shield or safety glasses), long-sleeved shirt, long pants, socks, shoes and rubber gloves. After this product is diluted in accordance with label directions, eye protection, gloves and long sleeves are not required. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS
 This product may be hazardous to aquatic invertebrates. Do not apply directly to water. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

WARRANTY:

To the extent consistent with applicable law, seller warrants that this product conforms to the chemical description on this label and is reasonably fit for purposes stated on this label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions, or under conditions not reasonably foreseeable to seller. Buyer assumes all risk of any such use. To the extent consistent with applicable law, seller makes no other warranties, either expressed or implied.

STORAGE AND DISPOSAL

PESTICIDE STORAGE:

Store unused material, tightly closed, in original container only, away from open flame. Do not store at temperatures below 39°F.

PESTICIDE DISPOSAL:

If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.
 If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
