

**TERRO**  
OUTDOOR/GARAGE  
**Garbage Guard®**  
Pest Strip

- Kills Insects and Prevents New Infestations
- Controlled Release Technology
- Odorless, Deep Penetrating Vapor

**4 LASTS UP TO months**

KEEP OUT OF REACH OF CHILDREN  
**WARNING:** See Back Panel for Additional Precautionary Statements and Directions for Use  
MANTÉNGASE FUERA DEL ALCANCE DE LOS NIÑOS  
**ADVERTENCIA:** Ver el panel trasero para información adicional sobre declaraciones de precaución e instrucciones de uso

Net Weight/Peso Neto: 0.19oz (5.25g)  
One unit treats up to 50 cu. ft.

**HOW IT WORKS:** TERRO® Garbage Guard® utilizes controlled release technology to slowly diffuse a deep penetrating vapor in enclosed spaces for up to 4 months. The clean, odorless vapor is evenly distributed throughout the enclosed treatment area, killing visible and hidden insects on contact and preventing new insect infestations.

**WHAT IT DOES:** Kills flying and crawling insects including: flies, gnats, mosquitoes, moths, silverfish, cockroaches, spiders, beetles, earwigs, spider mites and other listed insects.

**STOP! READ ENTIRE LABEL BEFORE USE.**

**DIRECTIONS FOR USE**  
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**RESTRICTIONS:** Do not use in the food/feed areas of food/feed processing or food/feed manufacturing or food/feed service establishments. Non-food/feed areas of these establishments where the product can be used are areas such as garbage containers with lids, garbage rooms, lavatories, floor drains to sewer entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, utility equipment, garages, mop closets, and product storage after canning or bottling. In homes, only use this product in garbage containers with lids. Do not use in areas where people will be for an extended period of time. Do not allow children to handle new or used strips.

**DIRECTIONS:** This product controls flies, gnats, mosquitoes, moths, silverfish, cockroaches, spiders, beetles, earwigs, spider mites, and other insects as listed on this label. This product may be used in homes, only in garbage containers with lids, garbage cans with lids, trash dumpsters, trash bins with lids and mobile garbage bins. Remove pre-assembled pest strip from the sealed bag when ready to use. Do not allow children to handle new or used strips. Place in the desired location away from windows and out of the reach of children and pets. Drafts, weather, and other conditions may affect the performance, but treatment usually lasts for 4 months. Record the date of installation and replace with a new strip at the end of 4 months or when effectiveness diminishes.

**Step 1** **Step 2** **Step 3** **Step 4**

Always use the appropriate size and number of strips for the space being treated. One unit will treat up to 50 cu. ft. If more than one strip is needed for the space being treated, space strips evenly throughout the treatment area.

**WHERE TO USE: In Garbage Cans, Trash Dumpsters, Trash Bins, and Mobile Garbage Bins located outdoors or in garages:** For the control of flies, attach the strip inside the can or dumpster and keep the lid closed. For superior adhesion clean surface of all residues before applying the clip.

**STORAGE AND DISPOSAL: PESTICIDE STORAGE:** Do not contaminate water, food, or feed by storage or disposal. Do not open or remove from package before ready to install. Store in a cool, dry place. **PESTICIDE DISPOSAL AND CONTAINER HANDLING: Full Pouch:** Do not open or remove from package before ready to use. **DISPOSAL: If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain. **Outer Container:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available or dispose of the empty container in trash.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**WARNING:** May be fatal if swallowed. Do not get in mouth. Harmful if inhaled. Causes moderate eye irritation. Avoid breathing vapors. Avoid contact with eyes or clothing. After prolonged storage, a small amount of liquid may form on strip. Do not get liquid in eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Do not use in hospitals or clinic rooms, such as patient rooms, wards, nurseries, operating or emergency areas. If used within homes, use only in garbage containers with lids, but do not use in closets and wardrobes of rooms where infants, children and the sick or aged are or will be present for any extended period of confinement. Do not use in any area of the home where people will be present for extended periods of time. Do not use in kitchens. Do not use in the food/feed area of restaurants or any area where food is prepared. Not to be taken internally by humans or animals.

**FIRST AID: IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. **POISONING SYMPTOMS: CONTAINS AN ORGANOPHOSPHATE THAT INHIBITS CHOLINESTERASE.** Symptoms include weakness, headache, tightness in chest, blurred vision, non-reactive pin point pupils, salivation, sweating, nausea, vomiting, diarrhea, and abdominal cramps. **TREATMENT:** Atropine is the specific therapeutic antagonist of choice against parasympathetic nervous stimulation. If there are signs of parasympathetic stimulation, atropine sulfate should be injected at 10 minute intervals in doses of 1 to 2 milligrams until complete atropinization has occurred. Morphine is contraindicated. 2-PAM is also antidotal and may be administered in conjunction with atropine. Clear chest by postural drainage. Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. **FOR THE FOLLOWING EMERGENCIES, PHONE 24 HOURS A DAY: For Medical Emergencies phone 1-888-681-4261. For Transportation Emergencies, including spill, leak or fire, phone 1-800-424-9300. For Product Use Information phone: 1-844-837-7644.**

**WARNING:** This product can expose you to chemicals including dichlorvos, which is known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**NOTICE:** To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
